

Increase the visibility of your company by
sponsoring the conference

ISEF'2019

(<https://isef2019.sciencesconf.org/>)

PARTNERSHIP & SPONSORSHIP

Within the framework of the conference, we offer you the opportunity to meet your partners and customers in the best conditions on the space of exhibition.

ISEF is one of the famous international conferences in the field of applied electromagnetism and electrical engineering; it concerns a large international community of researchers from universities, specialized institutes and the industrial community. In 2015, this conference took place in Spain (Valencia) in 2017, and in Poland (Lodz). Each time, it attracts more than **250 participants** from more than 20 different nationalities.

The 2019 edition will take place in Nancy downtown, in the new Convention Center (Center Prouvé) close to all facilities of the city. (www.grandnancy-congresetevenements.com).

This exhibition will allow to promote your company and to present your latest products to an exceptional forum of recognized specialists in the field of electromagnetism, electrical engineering and mechatronics, including young graduates to be hired.

This scientific event will give the opportunity to become acquainted with the latest innovations offered by state-of-the-art products available on the market.

Several types of participation and sponsorship in the conference are proposed, feel free to contact us for any proposal.

Awaiting the pleasure to welcome you to Nancy, we remain.

The Organizing Committee

19th International Symposium on Electromagnetic Fields in Mechatronics, Electrical and Electronic Engineering

29-31 August 2019, Nancy - FRANCE

EXHIBITION

A special hall will be reserved for the exhibition booths of the sponsors. This space will be located in the heart of the conference rooms. You can contact us to discuss the offer that will meet the needs of your business. The rates for the various services are summarized below.

The exhibition will be organized as a “table-top exhibit” only, using table of 1.4 m x 0.70 m. Two chairs will be provided. It will be possible for the exhibitor to have enough space for totem displays; decoration on tables or signalization (name of company) to be provided by exhibitor.

The price of the stand includes the following services:

- the use of the stand during the duration of the exhibition and assembly and disassembly periods; coordination services of congress during the assembly and disassembly periods of the stands and during the duration of exposure;
- surveillance of public areas of the exhibition, excluding stands areas that remain under the exhibitors responsibility;
 - cleaning services of the alleys and public areas
 - fixed number of exhibitor badges
 - announcement of your participation on the conference website and proceedings (logo).
